I. PURPOSE

The New York State Department of Corrections and Community Supervision (DOCCS) invites applications from not-for-profit and for-profit providers for the development and operation of Community Based Residential Programs (CBRP) for individuals under Community Supervision. The CBRP is a housing initiative to assist parolees under the jurisdiction of DOCCS to attain stability in the community while providing for individual case needs and community safety. (Note: ñparoleeò as referenced in this agreement and all attachments, incorporates and includes incarcerated individuals transitioned to residential treatment outcount prior to an approved release date.) CBRPs provide food, counseling, and other services such as substance abuse treatment, educational/vocational training, mental health and social services to residents either directly or through referral to credentialed providers. (Note: a CBRP is not to be confused with Substance Use Residential Treatment Programs).

For the initial award, applicants must have the demonstrated ability to start the program on October 1, 2022, or upon approval by the Office of the State Comptroller (OSC). For subsequent awards, applicants must have the demonstrated ability to start the program within 120 days of submitting an application. An approved site visit may be required by DOCCS within 10-days of a tentative contract award notification by the Commissioner.

The initial contract term will be effective October 1, 2022, through September 30, 2027. Subsequent contracts will be termed through September 30, 2027. The components of this RFA are as follows:

A CBRP provides a structured setting and services for a period of up to 120-days, with extensions available upon approval of DOCCSô Re-Entry Contract Manager, to the following client groups:

Client Group A Newly released parolees from state or local correctional facilities who do not have an acceptable residence.

Client Group B Parolees who require increased supervision and structure in order to change behavior patterns which, given case circumstances, may otherwise lead to re-incarceration; and/or require removal from their current living environment due to crisis situations or need for temporary housing.

Client Group C Parolees with mental health, physical and/or medical concerns.

Client Group D Parolees who have a history of sex offense(s) and/or arson.

Many of the parolees have histories of chemical dependency, mental illness, unemployment, health concerns, and substandard housing. They are released

from state or local incarceration after convictions for offenses for which they continue to serve a sentence that was imposed by a local County Court. They generally are returning to the communities where they were residing at the time of their arrest.

DOCCS reserves the right to award more than one contract for a Catchment Area based on the need for residential programs that include Client Group D.

DOCCS seeks to establish Community Based Residential Programs throughout New York State under the following general provisions and designated Catchment areas:

II. BACKGROUND AND DEMOGRAPHIC PROFILE

DOCCS is a criminal justice agency responsible for continuum of care from the moment an offender enters the correctional system until the offender successfully completes the required period of community supervision. Release from incarceration may occur by discretionary action of the Parole Board, by statutory release based on ñgood timeò credit (conditional release), or, in the case of determinate sentences, release to post-release supervision. Note that ñparoleeò as referenced in this RFA and all attachments, in addition to its original intent, incorporates and includes incarcerated individuals transitioned to residential treatment outcount prior to an approved release date.

The Mission of DOCCS is:

> ñThe New York State Department of Corrections and Community Supervision, guided by the Departmental Mission, is responsible for the confinement and rehabilitation with approximately 32,000 individuals under custody held at 50 state facilities and supervision of around 32,000 parolees throughout seven regional offices statewide. Our mission is to ensure public safety by operating safe and secure facilities, preparing individuals for release, and then supervising them to be successful when they return home from prison.ò

On January 1, 2021, there were approximately 35,388 offenders under active supervision within New York State. Of these, 94% are male, 48% Black, 22% Hispanic and 26% White. Twenty percent are between 16 and 29 years of age, 33% between 30 and 39 years of age, 21% between 40 and 49, and the remaining 26% are 50 years of age or older. Fifty-two percent have a drug abuse history, 61% have earned their high school diploma or equivalency, and 59% of those able to work are unemployed. The crimes of conviction for 66% of this population involve crimes against persons/violent crimes, 16% involve property/non-violent crimes, 17% involve drug related offenses, and 1% are adjudications as Youthful Offenders or are Juvenile Offenders.

Note that percentages may vary according to M/WBE availability and the type of service or commodity DOCCS contracts in certain areas of the state.

   In accordance with Section 312 of Executive Law: Article 15-A, EEO (Equal Employment Opportunity) regulations mandate that all contractors and/or subcontractors as a precondition to entering into a valid and binding State contract shall agree: not to discriminate against any employee or bidder for employment because of race, creed, color, national origin, sex, age, disability or marital status and will undertake or continue existing programs of affirmative action. The contractor and/or subcontractor shall also submit Form EEO-100, *Staffing Plan*, *(Attachment F)* illustrating the anticipated workforce to be utilized on the contract, and an *EEO Policy Statement (Attachment F)*. 8. DIVERSITY PRACTICES

DOCCS has determined, pursuant to New York State Executive Law Article 15-A, that the assessment of the diversity practices of respondents to this procurement is practical, feasible, and appropriate. Diversity practices are the efforts of contractors to include New York State-certified Minority and Women-owned Business Enterprises (ñM/WBEôs) in their business practices. Diversity practices may include past, present, or future actions and policies, and include activities of contractors on contracts with private entities and governmental units other than the State of New York. Assessing the diversity practices of contractors enables contractors to engage in meaningful, capacity-building collaborations with M/WBEôs.

Applicants for this Grant Opportunity are required to include as part of the technical application response to this procurement, as described in this RFA herein, the completed *Diversity Practices Questionnaire* as provided by the Division of Minority and Womenôs Business Development. Refer to the instructions on the *Pre-Submission Uploads* page in the Grants Gateway by downloading the *Diversity Practices Questionnaire*, completing the questionnaire, signing, having the signature notarized. Upload the completed, signed and notarized document to the corresponding area on the *Pre-Submission Uploads* page. In addition, applicants must complete the questions in the Grants Gateway included in the *Program-Specific Questions*.

9. SERVICE-DISABLED VETERAN-OWNED BUSINESS (SDVOB)

Article 17-B of the Executive Law enacted in 2014 acknowledges that Service-Disabled Veteran-Owned Businesses (SDVOBs) strongly contribute to the economies of the State and the nation. As defenders of our nation and in recognition of their economic activity in doing business in New York State, bidders/proposers for this contract for commodities, services or technology are strongly encouraged and expected to consider SDVOBs in the fulfillment of the requirements of the contract. Such partnering may be as subcontractors, suppliers, prot®g®s or other supporting roles. SDVOBs can be readily identified on the directory of certified businesses at https://ogs.ny.gov/veterans.

For purposes of this procurement, DOCCS hereby establishes an overall goal of zero (0%) percent for SDVOB participation based on the current availability of qualified SDVOBôs. Bidders/proposers need to be aware that all authorized users of this contract will be strongly encouraged to the maximum extent practical and consistent with legal requirements of the State Finance Law and the Executive Law to use responsible and responsive SDVOBôs in purchasing and utilizing commodities, services and technology that are of equal quality and functionality to those that may be obtained from non-SDVOBôs. Furthermore, bidders/proposers are reminded that they must continue to utilize small,

minority and women-owned businesses consistent with current State law. Utilizing SDVOBõs in State contracts will help create more private sector jobs, rebuild New York Stateõs infrastructure, and maximize economic activity to the mutual benefit of the contractor and its SDVOB partners. SDVOBõs will promote the contractorõs optimal performance under the contract, thereby fully benefiting the public sector programs that are supported by associated public procurements.

Public procurements can drive and improve the Stateõs economic engine through promotion of the use of SDVOBõs by its contractors. The State, therefore, expects bidders/proposers to provide maximum assistance to SDVOBõs in their contract performance. The potential participation by all kinds of SDVOBõs will deliver great value to the State and its taxpayers.

D. Additional Information for all Applicants

State Finance Law ÄÄ139-j and 139-k, also imposes certain restrictions on communications between DOCCS and Contractors during the procurement process. Potential Contractors are restricted from making contacts from the earliest notice of intent to solicit offers pursuant to the ñRequest for Application (RFA)ò through final award and approval of the Procurement Contract by DOCCS and, if applicable, Office of OSC (ñrestricted periodò) to other than designated staff unless it is a contact that is included among certain statutory exceptions set forth in State Finance Law Ä139-j(3)(a).

Please note that during the RFA process DOCCS is required to determine the responsibility of ñthe proposed Contractors/Providers.ò Certain findings of non- responsibility can result in rejection for contract award and in the event of two such findings within a four-year period during which the Contractor will be debarred from obtaining governmental Procurement Contracts.

In addition, New York State Finance Law Ä139-k (2) obligates DOCCS to obtain specific information regarding prior non-responsibility determinations with respect to State Finance Law Ä139-j. This information must be collected in addition to the information that is separately obtained pursuant to State Finance Law Ä163(9). In accordance with State Finance Law Ä139-k, potential Contractor must be asked to disclose if there has been a finding of non- responsibility made within the previous four (4) years by the Department due to: (a) a violation of State Finance to DOCCS. The terms ñOffererò and

ñGovernmental Entityò are defined in State Finance Law Ä 139-k (1). State Finance Law Ä139-j sets forth detailed requirements about the restrictions on contacts during the procurement process. A violation of State Finance Law Ä139-j includes, but is not limited to, an impermissible contact during the restricted period (for example, contacting a person or entity other than the designated contact person, when such contact does not fall within one of the exemptions).

As part of its responsibility determination, State Finance Law Ä139-k (3) mandates consideration of whether a Contractor fails to timely disclose accurate or complete information regarding the above non-responsibility determination. In accordance with law, no Procurement Contract shall be awarded to any Contractor that fails to timely disclose accurate or complete information under this section, unless a finding is made that the award of the Procurement Contract to the Contractor is necessary to protect public property or public health safety, and that the Contractor is the only source capable of supplying the required Article of Procurement within the necessary timeframe.

DOCCS must obtain the required certifications that the information in your application is complete, true and accurate and if any prior findings of non-responsibility, such as non-responsibility pursuant to State Finance Law Ä139-j exist.

VII. PROGRAM FORMS

Please review the forms included in *Attachment H, Program Forms*. The forms are referenced in *Attachment A, Work Plan,* and will be used for the resulting contracted programs. Please note that the forms are subject to updates.

VIII. STIPULATIONS

A. Issuance of this RFA does not commit DOCCS to award a contract or to pay any costs involved in preparation of applications. All applications are submitted at the sole responsibility of the bidder.

B. Regarding this RFA process you may only contact the designated staff in the Contract Procurement Unit during the restricted period. Please submit queries to Frank Arpey at frank.arpey@doccs.ny.gov or Joanne Hughes at joanne.hughes@doccs.ny.gov. Include *RFA 2021-02* in the subject line.

C. As stated on Page 7, IV, *Requirements*, A., to be eligible for an award, DOCCS must receive a current and valid Certificate of Occupancy (COO). In instances where a COO was never required for the property, the vendor must provide a letter from the building department with jurisdiction over property land use confirming that no COO has ever been issued for the property, that the building conforms with local building codes and is safe to be used in the manner

intended. Please ensure that the letter specifies the proposed maximum occupancy of the premises.

If the Certificate of Occupancy is not dated within the last five (5) years, the vendor must provide a letter from the municipality in which the residence is located and with jurisdiction over property land use. The letter must include the maximum number of residents that will be allowed to reside at the program site, that the municipality is aware of the proposed use as detailed in your application, that the use is acceptable for the proposed program site and that the building is safe for the use and number of residents.

Finally, if a COO expires during the term of any contract resulting from this solicitation, the vendor must present an updated COO to DOCCS immediately. Lack of proper documentation may result in immediate termination of the contract.

If awarded, and grantee is not able to start the initial program on October 1, 2022, DOCCS has the right to withdraw its award. The application with the second highest point allocation for said Catchment Area will then be awarded a contract. If there is not a second application to award in that Catchment Area, DOCCS has the right to either make an award to the highest scoring application in the Catchment Area county with the greatest need (as determined by DOCCS), or not make another award. For subsequent awards, applicants must have the demonstrated ability to start the program within 120 days of submitting an application.

D. DOCCS reserves the right to the following:

1. At any time, amend RFA specifications to correct errors or oversights, and to supply additional information as it becomes available. All bidders should monitor the Grants Gateway, the NYS Contract Reporter and/or the NYS DOCCS Web site for any amendments, clarifications or additional information issued if applicable.

8. Reject any and all applications received in response to the RFA.
9. Make an award under the RFA in whole, or in part.
10. Use application information obtained through site visits, management interviews and the State's investigation of a bidder's qualifications, experience, ability or financial standing, and any material or information submitted by the bidder in response to the agency's request for

clarifying information in the course of evaluation and/or selection under the RFA.

11. Prior to the bid opening, direct bidders to submit application modifications addressing subsequent RFA amendments.
12. Eliminate any mandatory, non-material specifications that cannot be complied with by all of the prospective bidders.
13. Waive any requirements that are not material.

16. Conduct contract negotiations with the next responsible bidder, should the agency be unsuccessful in negotiating with the selected bidder.
17. Utilize any and all ideas submitted in the applications received.
18. Unless otherwise specified in the solicitation, every offer is firm and not revocable for a period of 180 days from the bid opening.
19. Require clarification at any time during the procurement process and/or require correction of arithmetic or other apparent errors for the purpose of assuring a full and complete understanding of an offererôs application and/or to determine an offererôs compliance with the requirements of the solicitation.

E. The application must be signed by the individual designated as the signatory by the Chief Executive Officer of the agency and shall constitute a firm offer by the bidder for a minimum period of 180-days after application submission. The application shall serve as the basis for the contract with the successful bidder.

F. Bidders may propose to partner or subcontract with other entities to meet the terms of this RFA. For purposes of this RFA, DOCCS allows subcontracting; however, both the primary and the not-for-profit subcontracting entities must be prequalified in the NYS Grants Gateway at the time of application submission. In such a case, however, DOCCS will only communicate with the bidder, not the partner or sub-contractor. If bidder proposing such a relationship is awarded, the partner or subcontractor will be required to complete a *Vendor Responsibility Questionnaire*, if applicable.

G. Successful applicants will be required to assure compliance with certain provisions required by both state and federal Law. These include, but are not limited to, assurance of non-discrimination, affirmative action in hiring and provision of services, and the protection of client records as required by law and regulation. Applications from Minority and Women-Owned Enterprises are encouraged.

H. Applicants must represent that the services provided are secular and provided without regard to religious, ethnic, or gender factor, and do not directly or indirectly favor or foster a single sectarian view or religion. X. EVALUATION PROCESS

DOCCS will award contracts based upon evaluation of all aspects of the program according to the needs of the agency and the best interests of the State of New York. Awards will go to providers whose application provides the **best value** as determined by DOCCS, pursuant to NYS Finance Law Ä103 1j. This is defined as the most beneficial **combination of quality and costs** for the services being requested. If two offers are found to be equal, the maximum number of beds shall be the basis for determining the award recipient. The basis for determining the award shall be documented in the procurement record.

A committee of DOCCS personnel, consisting of approximately three to ten DOCCSô staff members from various DOCCSô offices, will evaluate applications independently to determine which applications are most capable of implementing DOCCSôrequirements based on the following criteria:

Eligibility Review

Each application will be reviewed to ensure that all mandatory requirements are met. Failure to meet any mandatory requirement in the application will result in the application being considered non-responsive, and it will be eliminated from further evaluation. All applications that meet the mandatory requirements will move to the Program Review.

Program Review

The Program Review will consist of an evaluation of your detailed application *Program-Specific Questions* in the Grants Gateway (also see *Attachment C, Program-Specific Questions)*:

I. Catchment Area (0 points)
II. Agency Summary (10 points)
III. Program Information (42 points)
IV. Experience/References (14 points)
V. Program Performance (14 points)
VI. Diversity Practices Questionnaire (2 points)

Points will be awarded for responses in each category as listed above using predetermined rating scales. The resulting Program Review scores will be calculated by adding the total points from each reviewer and dividing that number by the total number of reviewers. This will create an average score for all reviewersô totals. The highest possible score is 82 points. A passing score of at least 57 points will be required to advance to the next level of review.

Cost Review

The Cost Review will consist of an evaluation of your program budget as detailed below:

Budget/Fiscal (20 points)

Programs are required to clearly line out an annual budget proposal which includes an expenditure-based budget, corresponding budget narratives, indirect cost calculations and all other funding sources. Programs failing to do so may be disqualified.

The evaluation of the overall cost of each application, including the use of third-party revenue and all other funds will be performed, as follows:

1. The lowest cost/slot proposal in a Catchment area will receive 20 points. Other proposals in that area will receive points in direct proportion to the lowest cost/slot proposal in that area.

2. The cost of each proposal is determined by dividing the total proposed program cost (excluding any projected third-party revenue and all other funds) to DOCCS by the number of proposed residential slots on any given day. For instance, if a programôs total annual cost is $100,000 for 5 beds it is factored out to be $20,000 per bed.

Contract Award

DOCCS seeks to establish a Community Based Residential Program with the maximum number of beds in each designated Catchment Area. However, DOCCS will accept proposals for beds below the maximum, but within the bed range noted for each designated Catchment Area.

Awards will be made to applications with the highest total point allocation, contingent upon a successful site visit. The total point allocation is calculated by adding the sum of an applicationôs score for the Program Review and Cost Review. In the event there are two applications with the same highest total point allocation, the award will be made to the application with the lowest cost per bed, contingent upon a successful site visit. In the event that two applications have the same cost, the award will be made to the application with the maximum number of beds, contingent upon a successful site visit.

If an award is made to a proposal with beds below the maximum for the

catchment area, DOCCS will consider additional award(s) in the area, necessary to fill up to the maximum number of beds, if funding is available.

DOCCS may not have sufficient funding to make an award in all Catchment areas, and DOCCS reserves the right to award more than one contract in any Catchment Area based on availability of services for Client Group D.

In your proposal, please specify the procedures that will be employed to obtain third-party funding in the budget narrative justification under Other Narrative. Include the success of your organization in receiving third-party revenue and explain the impact on the proposed program if less third-party revenue than projected is received.

DOCCS will not be in the position to make up any projected third-party revenue that does not materialize and reserves the right to consider this a contractual violation. Be careful to project accurately and take all necessary measures to achieve projected revenue levels. If you are not projecting receipt of third-party revenue, you must explain why. You will still be required to make a good faith effort to receive it during the contract period. If your proposal includes third party revenue, please assume that no more than 50% of clients will be eligible for third party reimbursement at any one time. Revenue

received from third party sources should be used to offset expenses to run the program regardless of the funding provided under this contract.

Third party revenue should be captured on your expenditure-based budget, Attachment B-1 .

1. Projected third party revenue and all other funds will be treated as match funding for the program which has a direct result of reducing the cost to DOCCS. Please complete the Match Worksheet in the Grants Gateway and include all third-party revenue and other fund sources used to support the program as match funds against your budget.

2. Parolees cannot be required to contribute toward your program costs. Any third-party revenue or other funds referencing client (parolee) payments will not be acceptable. DOCCS will not change your proposed cost, and if your program receives an award, you will be required to make up the third-party revenue or other funds in some other way.

C. Indirect Costs (Administrative Overhead)

All proposals must include detailed information to support its indirect costs administrative overhead projection (if included in proposal). Such submission must include a detailed listing of all ñindirect costsò at the major-object level, and the same for all direct program costs for all contractual agreements that your organizations have with other entities (see the attached Exhibit for a sample of the Attachment E-1 for the required format).

Under no circumstances can any costs be split between direct and indirect categories. If more than four programs in addition to the proposed new program are listed, then bidder can consolidate those programs into Column 3 and label it ñAll Other Programsò

In the NYS Grants Gateway, download Attachment E-1, Indirect Costs Excel spreadsheet from the Pre-Submission Uploads page. Complete the form as directed above and upload the completed form to the same location on the Gateway.

Bidders are required to complete Attachment E-1. If you donôt have indirect costs, clearly indicate ñ**not applicable**ò on Attachment E1. Failure to do so will result in disqualification. (See Attachment B, Exhibit E1 for sample document).

Indirect cost should be captured under F) Other Expenses when completing Attachment B-1 Expenditure Based Budget. The narrative justification should include indirect costs and the calculated percentage.

D. PREA Cost Guidelines

Given that PREA audits will not incur an annual cost but will be considered part of providerôs total budget for the life of the contract, it has been determined that expenses associated with PREA audits **will not** be factored into the cost per bed per proposal for purposes of scoring the RFA. Accordingly, bidders are required to submit an annual budget that does not include those costs associated with PREA audits.

PREA audit costs may range depending on the overall bed capacity of a program, and the number of beds that are contracted to DOCCS. Accordingly, DOCCS will reimburse bidders who win an award the actual cost of a PREA audit up to $5,000.00 per audit, in direct proportion to the number of beds contracted to DOCCS against total program capacity. For example, if a provider has a 100 bed program and DOCCS is contracted to pay for 10 beds the provider will be reimbursed 10% of the actual costs associated with the PREA audit.

Reimbursement of actual PREA audit costs will be determined by DOCCS once the PREA audit report and invoice have been submitted to DOCCS by the Contractor. The reimbursement amount will be added to the total contract amount via a contract amendment. Once the amendment is approved by OSC, the Contractor will submit a separate voucher for reimbursement of eligible costs.

It is to be understood that these additional funds are for the sole purpose of supporting PREA audits and will not be used to supplement other program expenses.

In addition to the audit requirements, applicants should consider any additional expenses associated with the Community Confinement Standards that will be the sole responsibility of the provider. Such expenses include, but may not be limited to, the costs associated with background checks pursuant to Section 115.217, Hiring and Promotional Decisions, subparagraphs (c) (1) and (2).

E. Start-up Cost Guidelines

DOCCS requires programs that are fully prepared to operate at maximum capacity on day one of the contract. Accordingly, no start-up costs will be provided and should not be requested as part of your proposal. If start-up costs are included in your proposal, it will be disqualified.

F. Budget Narrative Guidelines

As a guideline, the Budget Narrative should explain, at a minimum, the following and include sufficient details to describe and substantiate the budgeted expenses:

1. Personnel Services Expenditures: Title, Percent charged to DOCCS, responsibilities of each position, the number of employees in each position and their status, full-time or part-time;
2. Fringe Benefits;
3. Contractual/Consultant Services;
4. Real Estate: Square Feet and cost to DOCCS;
5. Travel Expenses;
6. Supplies and Materials;
7. Equipment; and
8. All third-party revenue projections and all other funds

(Note: No parolee payments/ contributions are acceptable as third-party funding or other funds).

G. Budget Evaluation

Programs failing to clearly line out and complete a comprehensive budget proposal (including expenditure-based budget, coinciding budget narratives, indirect cost calculations and all other funds) may be disqualified.

The evaluation of the overall cost of each proposal, including the application of third-party revenue and other funds will be performed, as follows:

1. The proposal with the lowest cost per bed to DOCCS in a catchment area will receive 20 points. Other proposals in that area will receive points in direct proportion to the lowest cost/slot proposal in that area.

2. The cost of each proposal is determined by dividing the total proposed program cost to DOCCS (excluding any projected third-party revenue and all other funds) by the number of proposed residential slots on any given day. For instance, if a programôs total annual cost to DOCCS is $100,000 for 5 beds, it is factored out to be $20,000 per bed.

Bidders, Contractors shall deliver to DOCCS evidence of the insurance required by this Solicitation and any Contract resulting from this Solicitation in a form satisfactory to DOCCS. Policies must be written in accordance with the requirements of the paragraphs below, as applicable. While acceptance of insurance documentation shall not be unreasonably withheld, conditioned or delayed, acceptance and/or approval by DOCCS does not, and shall not be construed to, relieve Bidders or Contractors of any obligations, responsibilities or liabilities under this Solicitation or any Contract resulting from this Solicitation.

The Contractor shall not take any action or omit to take any action that would suspend or invalidate any of the required coverages during the term of the Contract.

A. **General Conditions Applicable to Insurance**

All policies of insurance required by this Solicitation or any Contract resulting from this Solicitation shall comply with the following requirements:

1. Coverage Types and Policy Limits. The types of coverage and policy limits required from Bidders and Contractors are specified in Paragraph B Insurance Requirements below.
2. Policy Forms. Except as otherwise specifically provided herein or agreed to in the Contract resulting from this Solicitation, all policies of insurance required by this Section shall be written on an occurrence basis.
3. Certificates of Insurance/Notices. Bidders and Contractors shall provide DOCCS with a Certificate or Certificates of Insurance, in a form satisfactory to DOCCS as detailed below, and pursuant to the timelines set forth in Section B below. Certificates shall reference the Solicitation or award number and shall name The New York State Department of Corrections and Community Supervision, Harriman Campus, 1220 Washington Avenue, Albany, New York 12226-2050, as the certificate holder.

Certificates of Insurance shall

- Be in the form acceptable to DOCCS and in accordance with the New York State Insurance Law (e.g., an ACORD certificate);
- Disclose any deductible, self-insured retention, aggregate limit or exclusion to the policy that materially changes the coverage required by this Solicitation or any Contract resulting from this Solicitation;
- Refer to this Solicitation and any Contract resulting from this Solicitation by award number;
- Be signed by an authorized representative of the referenced insurance carriers; and
- Contain the following language in the Description of Operations / Locations / Vehicles section: Additional insured protection afforded is on a primary and non-contributory basis. A waiver of subrogation is granted in favor of the additional insureds.

Only original documents (certificates of insurance and any endorsements and other attachments) or electronic versions of the same that can be directly traced back to the insurer, agent or broker via e-mail distribution or similar means will be accepted.

DOCCS generally requires Contractors to submit only certificates of insurance and additional insured endorsements, although DOCCS reserves the right to request other proof of insurance. Contractors should refrain from submitting entire insurance policies, unless specifically requested by DOCCS. If an entire insurance policy is submitted but not requested, DOCCS shall not be obligated to review and shall not be chargeable with knowledge of its contents. In addition, submission of an entire insurance policy not requested by DOCCS does not constitute proof of compliance with the insurance requirements and does not discharge Contractors from submitting the requested insurance documentation.

4. **Primary Coverage.** All liability insurance policies shall provide that the required coverage shall be primary and non-contributory to other insurance available to the People of the State of New York, the New York State Department of Corrections and Community Supervision, any entity authorized by law or regulation to use the Contract and their officers, agents, and employees. Any other insurance maintained by the People of the State of New York, the New York State Department of Corrections and Community Supervision, any entity authorized by law or regulation to use the Contract and their officers, agents, and employees shall be excess of all applicable Contractorôs insurance, including any umbrella and/or excess policies, and shall not contribute with the Bidder/Contractorôs insurance.

5. **Breach for Lack of Proof of Coverage.** The failure to comply with the requirements of this Section at any time during the term of the Contract shall be considered a breach of the terms of the Contract and shall allow the People of the State of New York, the New York State Department of Corrections and Community Supervision, any entity authorized by law or regulation to use the Contract and their officers, agents, and employees to avail themselves of all remedies available under the Contract or at law or in equity.

6. **Self-Insured Retention/Deductibles.** Certificates of Insurance must indicate the applicable deductibles/self-insured retentions for each listed policy. Deductibles or self-insured retentions above $100,000.00 are subject to approval from DOCCS. Such

approval shall not be unreasonably withheld, conditioned, or delayed. Bidders and Contractors shall be solely responsible for all claim expenses and loss payments within the deductibles or self-insured retentions. If the Bidder/Contractor is providing the required insurance through self-insurance, evidence of the financial capacity to support the self-insurance program along with a description of that program, including, but not limited to, information regarding the use of a third-party administrator shall be provided upon request. If the Contractor is unable to meet their obligation under any deductible, self-insured retention or self-insurance, neither the People of the State of New York nor DOCCS will be obligated to drop down to cover those amounts.

7. **Subcontractors.** Prior to the commencement of any work by a Subcontractor, the Contractor shall require such Subcontractor to procure policies of insurance as required by this Section and maintain the same in force during the term of any work performed by that Subcontractor.

8. **Waiver of Subrogation**. For all liability policies and the workersôcompensation insurance required below, the Bidder/Contractor shall cause to be included in its policies insuring against loss, damage or destruction by fire or other insured casualty a waiver of the insurerôs right of subrogation against The People of the State of New York, the New York State Department of Corrections and Community Supervision, any entity authorized by law or regulation to use the Contract and their officers, agents, and employees, or, if such waiver is unobtainable (i) an express agreement that such policy shall not be invalidated if the Contractor waives or has waived before the casualty, the right of recovery against The People of the State of New York, the New York State Department of Corrections and Community Supervision, any entity authorized by law or regulation to use the Contract and their officers, agents, and employees or (ii) any other form of permission for the release of The People of the State of New York, the New York State Department of Corrections and Community Supervision, any entity authorized by law or regulation to use the Contract and their officers, agents, and employees. A Waiver of Subrogation Endorsement shall be provided upon request. A blanket Waiver of Subrogation Endorsement evidencing such coverage is also acceptable.

9. **Additional Insured.** The Contractor shall cause to be included in each of the liability policies required below, ISO form CG 20 10 11 85 (or a form or forms that provide equivalent coverage, such as the combination of CG 20 10 04 13 and CG 20 37 04 13) and form CA 20 48 10 13 (or a form or forms that provide equivalent coverage), naming as additional insureds: The People of the State of New York, the New York State Department of Corrections and Community Supervision, any entity authorized by law or regulation to use the Contract and their officers, agents, and employees. An Additional Insured Endorsement evidencing such coverage shall be provided to DOCCS pursuant to the timelines set forth in Section B below. A blanket Additional Insured Endorsement evidencing such coverage is also acceptable. For Contractors who are self-insured, the Contractor shall be obligated to defend and indemnify the above-named additional insureds with respect to Commercial General Liability and Business Automobile Liability, in the same manner that the Contractor would have been required to pursuant to this Section had the Contractor obtained such insurance policies.

10. **Excess/Umbrella Liability Policies.** Required insurance coverage limits may be provided through a combination of primary and excess/umbrella liability policies; however, a minimum of one million dollars ($1,000,000.00) must be primary coverage for general liability and auto liability. All Contractor's applicable insurance policies, including umbrella and excess insurance, will be primary to any insurance, self-insurance, deductible or self-insured retention of The People of the State of New York, the New York State Department of Corrections and Community Supervision, or any entity authorized by law or regulation to use the Contract and their officers, agents, and employees. If coverage limits are provided through excess/umbrella liability policies, then a Schedule of underlying insurance listing policy information for all underlying insurance policies (insurer, policy number, policy term, coverage and limits of insurance), including proof that the excess/umbrella insurance follows form must be provided upon request.

11. **Notice of Cancellation or Non-Renewal.** Policies shall be written so as to include the requirements for notice of cancellation or non-renewal in accordance with the New York State Insurance Law. Within five (5) business days of receipt of any notice of cancellation or non-renewal of insurance, the Contractor shall provide DOCCS with a copy of any such notice received from an insurer together with proof of replacement coverage that complies with the insurance requirements of this Solicitation and any Contract resulting from this Solicitation.

12. **Policy Renewal/Expiration** Upon policy renewal/expiration, evidence of renewal or replacement of coverage that complies with the insurance requirements set forth in this Solicitation and any Contract resulting from this Solicitation shall be delivered to DOCCS. If, at any time during the term of any Contract resulting from this Solicitation, the coverage provisions and limits of the policies required herein do not meet the provisions and limits set forth in this Solicitation or any Contract resulting from this Solicitation, or proof thereof is not provided to DOCCS, the Contractor shall immediately cease work. The Contractor shall not resume work until authorized to do so by DOCCS.

13. **Deadlines for Providing Insurance Documents after Renewal or Upon Request.** As set forth herein, certain insurance documents must be provided to DOCCS Procurement Services contact identified in the Contract Award Notice after renewal or upon request. This requirement means that the Contractor shall provide the applicable insurance document to DOCCS as soon as possible but in no event later than the following time periods:
    - For certificates of insurance: 5 business days
    - For information on self-insurance or self-retention programs: 15 calendar days
    - For other requested documentation evidencing coverage: 15 calendar days
    - For additional insured and waiver of subrogation endorsements: 30 calendar days

    Notwithstanding the foregoing, if the Contractor shall have promptly requested the insurance documents from its broker or insurer and shall have thereafter diligently taken all steps necessary to obtain such documents from its insurer and submit them to DOCCS, DOCCS shall extend the time period for a reasonable period under the circumstances, but in no event, shall the extension exceed 30 calendar days.

ADA REQUIREMENTS

Attachment J
Americans with Disabilities Act

Americans with Disabilities Act (ADA):

Title II of the ADA prohibits public entities (*i.e.*, "any State [or] local government," or any "instrumentality of a State or local government") from discriminating against persons with disabilities. 42 U.S.C. §§ 12131(1)(A)-(B), 12132. The ADA Regulations explicitly state that, "[a] public entity, in providing any service, may not, directly *or through contractual arrangements*, [discriminate] on the basis of disability, and therefore, a public entity is obligated to ensure compliance with its title II obligations, even if a private entity provides the services on behalf of the state.

Where public and private entities act jointly, the public entity must ensure that the relevant requirements of title II are met; and the private entity must ensure their compliance with Title III.

Accessibility:

A public accommodation may not discriminate against an individual with a disability in the operation of a place of public accommodation. Individuals with disabilities may not be denied full and equal enjoyment of the "goods, services, facilities, privileges, advantages, or accommodations" offered by a place of public accommodation. The phrase "goods, services, facilities, privileges, advantages, or accommodations" applies to whatever type of good or service a public accommodation provides to its customers or clients. In other words, a public accommodation must ensure equal opportunity for individuals with disabilities.

The ADA mandates an equal opportunity to participate in or benefit from the goods and services offered by a place of public accommodation, but does not guarantee that an individual with a disability must achieve an identical result or level of achievement as persons without disabilities.

A public accommodation may offer separate or special programs necessary to provide individuals with disabilities an equal opportunity to benefit from the programs. Such programs must, however, be specifically designed to meet the needs of the individuals with disabilities for whom they are provided.

Housing Service Providers:

Group homes, halfway houses, shelters, or similar social service center establishments that provide either temporary sleeping accommodations or residential dwelling units that are subject to this section shall comply with the provisions of the 2010 ADA Standards applicable to residential facilities, including, but not limited to, the provisions in sections 233 and 809.

(1) In sleeping rooms with more than 25 beds covered by this section, a minimum of 5% of the beds shall have clear floor space complying with section 806.2.3 of the 2010 Standards.

(2) Facilities with more than 50 beds covered by this section that provide common use bathing facilities, shall provide at least one roll-in shower with a seat that complies with the relevant provisions of section 608 of the 2010 Standards. Transfer-type showers are not permitted in lieu of a roll-in shower with a seat, and the exceptions in sections 608.3 and 608.4 for residential dwelling units are not permitted. When separate shower facilities are provided for men and for women, at least one roll-in shower shall be provided for each group.

Effective Communications:

People who have vision, hearing, or speech disabilities ("communication disabilities") use different ways to communicate. For example, people who are blind may give and receive information audibly rather than in writing and people who are deaf may give and receive information through writing or sign language rather than through speech.

The ADA requires that title II entities (State and local governments) and title III entities (businesses and nonprofit organizations that serve the public) communicate effectively with people who have communication disabilities.

Service Animals:

Under the ADA, State and local governments, businesses, and nonprofit organizations that serve the public generally must allow service animals to accompany people with disabilities in all areas of the facility where the public is normally allowed to go.
