I. INTRODUCTION

The New York State Division of Criminal Justice Services (DCJS) seeks proposals for grant funding under the Motor Vehicle Theft and Insurance Fraud Prevention Program (MVTIFP). Approximately \$3.7 million is available for awards during the 2018 contract period as authorized in accordance with Article 36-A of the New York State Executive Law.

In the early 1990s, the State Legislature acknowledged a direct relationship between the incidence of motor vehicle theft, motor vehicle insurance fraud, and the cost of motor vehicle insurance premium rates. In an effort to reduce the overall cost of motor vehicle insurance in New York State, the Legislature created the Motor Vehicle Theft and Insurance Fraud Prevention Demonstration Program. Since that time, Uniform Crime Reporting (UCR) data indicates that the rate of motor vehicle theft in New York State has been reduced by more than 80 percent. However, during that same period, the rate of suspected motor vehicle insurance fraud incidents in New York State has increased by more than 25 percent, according to data collected by the New York State Department of Financial Services' Insurance Frauds Bureau.

The methods and scope of insurance fraud have become more complex and sophisticated over time. Detecting and investigating cases of motor vehicle insurance fraud requires collaboration, careful analysis, and planning by various entities including law enforcement agencies, prosecutors, and insurance industry officials.

Two key components of New York's successful crime reduction strategy involve cooperative partnerships between law enforcement agencies and the strategic use of technology in the fight against crime. Collaboration with Crime Analysis Centers (CACs) has become standard operating procedure for many law enforcement agencies across New York State. Technology and the accurate use of timely crime data has been utilized to complement and enhance traditional crime-fighting strategies.

Applicants for the MVTIFP Program must demonstrate a cooperative effort and are strongly encouraged to propose a strategy that demonstrates coordination with crime analysts and/or their regional Crime Analysis Centers.

The MVTIFP Program supports a variety of initiatives targeting motor vehicle theft and related motor vehicle insurance fraud. The purpose of this RFP is to solicit proposals for grant funding in support of projects that contribute to the state's strategic and tactical capabilities to further reduce this criminal activity.

The administration of the MVTIFP Program is under the direction of a twelve-member Motor Vehicle Theft and Insurance Fraud Prevention Board (Board) composed of representatives of consumers of automobile insurance, automobile insurance companies, law enforcement agencies, and the judicial system. Pursuant to Executive Law §846-m(1), the Board annually develops and recommends to the Executive Deputy Commissioner of the New York State Division of Criminal Justice Services (DCJS) plans of operation, which "provide for a coordinated approach to curtailing motor vehicle theft and motor vehicle insurance fraud throughout the State."

The Executive Deputy Commissioner of DCJS utilizes the plans of operation as guides in the assessment of the respective statewide motor vehicle theft and insurance fraud crime problems, the development of the MVTIFP RFP, and the selection of MVTIFP Program grant awards. MVTIFP RFP applicants are required to develop strategies to attack the types of motor vehicle theft and insurance fraud identified in the plans of operation.

DCJS enhances public safety by providing resources and services that inform decision making and improve the quality of the criminal justice system. DCJS is a multi-function criminal justice support agency with a variety of responsibilities, including collection and analysis of statewide crime data; operation of the DNA databank and criminal fingerprint files; administration of federal and state criminal justice funds; identifying and funding programs that reduce crime, recidivism, and victimization. Additionally, DCJS administers the state's Sex Offender Registry. DCJS conducts research on critical criminal justice issues and provides training, legal guidance and regulation to the State's law enforcement, community corrections and prosecution communities.

DCJS is committed to providing programs that improve the effectiveness of New York's criminal justice system. Proposals will be rated and selected for funding consistent with the best interest of the state. Applicants are encouraged to demonstrate in their response to this solicitation how their proposal supports New York's commitment to public safety.

II. FUNDING, APPLICANT ELIGIBILITY AND CONTRACT TERM

A. Funding and Approved Use of Funds

Approximately \$3.7 million will be made available to support the Motor Vehicle Theft and Insurance Fraud Prevention (MVTIFP) Program. All funding must support program efforts that will be accomplished during the contract period. Funding under this program must supplement, not supplant, non-grant funds that would otherwise be available for expenditure on the programs proposed. Eligible applicants may submit proposals up to the amounts specified in Appendix: 2017-2018 MVTIFP Maximum Application Award Amounts.

Funding under this grant program may be awarded either for new projects or for the continuation of projects funded by existing MVTIFP Program grants. Continuation funding is not automatic. An existing grant may be renewed if sufficient data is presented to demonstrate that the program is operating effectively and the new proposal submitted meets all of the RFP parameters. Programs with significant, unexpended fiscal balances from prior year awards may not receive further contract renewals.

The availability of these grant funds will be dependent upon the availability of fee revenues in the Motor Vehicle Theft and Insurance Fraud Prevention Fund (354) for this purpose.

Grant funds should be used primarily to fund personnel and fringe costs for staff assigned to the grant program, as well as for travel and training costs to attend program related training opportunities.

B. Applicant Eligibility and Requirements

Eligible applicants include units of local government and not-for-profit organizations. Eligible applicants may submit proposals up to the amounts specified in Appendix: *Maximum 2017-2018 MVTIFP Application Amounts*.

In accordance with Executive Law §846-m(2)(c) “localities with the greatest incidence of motor vehicle theft and insurance fraud shall be targeted for the purposes of this Program.” Eligible counties have been identified based on the number of reported motor vehicle thefts, reported incidents of suspected motor vehicle insurance fraud, and those having experienced an average of at least 150 incidents of motor vehicle theft or suspected motor vehicle insurance fraud during the 2014 - 2016 period. The following fourteen (14) counties are eligible to apply for funds to support MVTIF enforcement, investigation, and prosecution programs: Albany, Bronx, Erie, Kings, Monroe, Nassau, New York, Niagara, Onondaga, Orange, Queens, Richmond, Suffolk, and Westchester (see Appendix: - *2014-2016 Average Motor Vehicle Theft and Insurance Fraud Prevention*). Funding for jurisdictions within these counties shall be considered based on a demonstrated need.

Each interested eligible county outside of New York City (NYC) must develop or continue a partnership that consists of the primary police department (with the highest MVTIFP crime data) and the district attorney’s office. The chief of police for the primary police department and the District Attorney will be designated as co-chairs of the partnership and must **jointly** submit any proposal submitted by the county.

Recognizing that NYC has only one police department with jurisdiction over the city’s five boroughs (counties), any specialized unit within the New York City Police Department or the New York City Fire Department which combats motor vehicle theft and motor vehicle insurance fraud, such as motor vehicle arson or no-fault medical fraud may submit a separate proposal that will stand on the operational merits of its individual program. However, any proposal submitted by one of these entities must include a letter of support from one or more county district attorney’s office and a narrative proposal delineating the DA’s role and the role of NYC law enforcement or other NYC investigative bureaus in achieving program goals and objectives.

Not-for-profit organizations currently receiving any MVTIFP Program funding are eligible to submit an application on their own merit.

C. Contract Term

Grant award agreements will be for a term of one year, unless otherwise modified by DCJS, effective on or about January 1, 2018, with two optional one-year renewals.

III. PROGRAM DESCRIPTION

A. Program Goals and Objectives

The goal of this program is to provide an integrated means to prevent, deter, and reduce the incidence of motor vehicle theft and motor vehicle insurance fraud.

Specific program objectives include:

- Assessing the scope of the motor vehicle theft and motor vehicle insurance fraud problem;
- Determining, on a regional basis, the incidence of motor vehicle theft and motor vehicle insurance fraud activities; and
- Developing and providing funding for programs to measurably reduce the incidence of motor vehicle theft and motor vehicle insurance fraud which may include, but are not limited to:
 - Enhanced prosecution and adjudication services, neighborhood or community-based programs designed to reduce motor vehicle theft and motor vehicle insurance fraud, including the problems of motor vehicle no-fault medical fraud and uninsured motorists;
 - Specialized law enforcement units to combat motor vehicle theft and motor vehicle insurance fraud, such as motor vehicle no-fault medical fraud through undercover sting operations;
 - Educational programs for law enforcement agencies and prosecutorial offices on motor vehicle theft and motor vehicle insurance fraud prevention; and
 - Programs designed to examine, evaluate, and make recommendations relating to the efficacy of motor vehicle theft prevention devices.

For additional specific guidance on the types of projects that will be supported with grant funds, applicants are encouraged to review the *Statewide Plans of Operation for Motor Vehicle Theft and Motor Vehicle Insurance Fraud Prevention*, which are located on the DCJS website at: <http://www.criminaljustice.ny.gov/crimnet/pubs.htm>

B. Program Parameters

- Prosecutorial and/or investigative strategies for the interdiction of motor vehicle insurance fraud will receive priority over strategies for the interdiction of motor vehicle theft.

- Programs that promote a countywide collaborative effort, including the use of data driven decision making utilizing an agency crime analyst or regional crime analysis center, will be given additional merit.
- Prosecutorial offices are encouraged to practice vertical prosecution in relationship to motor vehicle theft and motor vehicle insurance fraud cases.
- Successful applicants must have a mechanism to flag and identify specific incidents of motor vehicle crimes and report on both grant funded and countywide motor vehicle theft and insurance fraud statistics.
- Successful applicants will be required to participate in collaborative regional meetings, which should include representatives from DCJS, the primary police department, the district attorney's office, the regional crime analysis center, and insurance industry Special Investigation Units (SIU). These meetings are to be held on a quarterly basis.

Note: Regional meetings for successful NYC law enforcement or other NYC investigative bureaus should include a representative from at least one supporting district attorney's office.

IV. EVALUATION AND SELECTION

Tier I Evaluation – Threshold Pass/Fail

The Tier I Evaluation assesses whether proposals satisfy minimum “pass/fail” criteria for funding. All proposals will be initially screened by DCJS reviewers to determine their completeness using the following criteria:

- Proposal was received by the published deadline;
- Applicant is eligible as defined by this solicitation;
- All proposals submitted by a county outside NYC demonstrate a collaborative effort between the county district attorney's office and local law enforcement agencies where applicable, including a program outline which describes aligned program parameters and coordinated strategies between the agencies;
- Only **one** proposal was submitted per county outside of the confines of NYC;
- Proposals from any NYC law enforcement or other NYC investigative bureaus within the confines of the New York City's five boroughs (counties) **has submitted a letter of support with their proposal from one or more county district attorney's office and a narrative proposal delineating the DA's role with NYC law enforcement or any other NYC investigative bureaus in achieving program goals and objectives;**
- Applicant is an eligible, pre-qualified entity in the Grants Gateway. (*This pre-qualification requirement applies only to not-for-profit applicants.*)
- The submitted proposals shall include:
 - Answers to all questions as presented;

- Budget detail and justification provided in GMS itemizing operating expenses in support of the program;
- Completed Program Work Plan, according to instructions provided; and
- All attachments and required documents – Letter(s) of Support, where indicated.

Tier I Evaluation criteria will receive pass/fail ratings. Any proposal that does not meet each of these conditions may be subject to disqualification from further review. DCJS may, at their discretion, request additional information from an applicant as deemed necessary.

Tier II Evaluation – Evaluation and Scoring

DCJS staff reviewers will evaluate proposals that successfully pass the Tier I Evaluation. A standard rating tool will be used to score responses to questions provided in the proposal. (See *Questions* section for additional information.) The maximum proposal score will be 100 points. Each response will be scored and all scores will be totaled, resulting in an overall score. The final score will be determined by averaging Team Reviewers' overall scores for each proposal. DCJS staff may, at their discretion, request additional information from an applicant as deemed necessary. Also, in the event of a substantial scoring disparity of total available points, an additional reviewer may rate the affected proposals and the average of all of the scores will determine the final average score of the proposal. In the event of a tie score among applicants, and where both applicants cannot be selected, an additional reviewer will rate the affected proposals and the average of the scores will represent the final score.

In addition to scoring the proposal, DCJS staff will prepare a summary evaluation for the Board. This evaluation will guide the DCJS Executive Deputy Commissioner and the Board in their decisions. DCJS and the Board are not bound by staff reviewer's recommendations and may award grants in amounts that vary from those recommendations based on the Board's expert knowledge of the subject matter or specialized knowledge of local programs.

Tier III Evaluation

The Tier III Evaluation assessments will be conducted by designated DCJS executive staff. The Tier III Evaluation will select applicants for funding and determine the award amount through consideration of the Tier II Evaluation scoring and comments, strategic priorities, available funding and best overall value to New York State.

Final award decisions will be made by DCJS in accordance with the best interests of the State. Nothing herein requires DCJS to approve funding for any applicant.

The DCJS Executive Deputy Commissioner or his or her designee will make final decisions regarding individual award amounts based on the quality of each submission, the scope and reach of the project, the appropriateness of the project budget, and any unspent balance of prior year funds. In accordance with Executive Law §846-m(2)(c), in allocating MVTIFP Program monies, the Executive Deputy Commissioner, upon recommendation of the Board, "shall, to the greatest extent possible, take into account the geographic incidence of motor vehicle insurance fraud and

motor vehicle theft, whereby localities with the greatest incidence of motor vehicle theft and insurance fraud shall be targeted for the purposes of this program.”

V. REQUEST FOR PROPOSAL QUESTIONS

Applicants must respond to the questions below within the DCJS Grants Management System (GMS), as instructed. **GMS instructions are located as an Appendix to this solicitation.** Please prepare prospective responses in a Microsoft Word Document using Arial, 11 point font and 1.5 line spacing.

Use of Service-Disabled Veteran-owned Business Enterprises in Contract Performance

Article 17-B of the Executive Law enacted in 2014 acknowledges that Service-Disabled Veteran-Owned Businesses (SDVOBs) strongly contribute to the economies of the State and the nation. As defenders of our nation and in recognition of their economic activity in doing business in New York State, bidders/proposers for this contract for commodities, services or technology are strongly encouraged and expected to consider SDVOBs in the fulfillment of the requirements of the contract. Such partnering may be as subcontractors, suppliers, protégés or other supporting roles. SDVOBs can be readily identified on the directory of certified businesses at http://ogs.ny.gov/Core/docs/CertifiedNYS_SDVOB.pdf.

Bidders/proposers need to be aware that all authorized users of this contract will be strongly encouraged to the maximum extent practical and consistent with legal requirements of the State Finance Law and the Executive Law to use responsible and responsive SDVOBs in purchasing and utilizing commodities, services and technology that are of equal quality and functionality to those that may be obtained from non-SDVOBs. Furthermore, bidders/proposers are reminded that they must continue to utilize small, minority and women-owned businesses consistent with current State law. Utilizing SDVOBs in State contracts will help create more private sector jobs, rebuild New York State's infrastructure, and maximize economic activity to the mutual benefit of the contractor and its SDVOB partners. SDVOBs will promote the contractor's optimal performance under the contract, thereby fully benefiting the public sector programs that are supported by associated public procurements.

Public procurements can drive and improve the State's economic engine through promotion of the use of SDVOBs by its contractors. The State, therefore, expects bidders/proposers to provide maximum assistance to SDVOBs in their contract performance. The potential participation by all kinds of SDVOBs will deliver great value to the State and its taxpayers.

Bidders/proposers can demonstrate their commitment to the use of SDVOBs by responding to the questions on the form located at http://www.criminaljustice.ny.gov/ofpa/pdfdocs/Veteran_Owned_Business_Form.pdf and attach the completed form, along with your Application, to the NYS Division of Criminal Justice Services' Grants Management System (GMS). There are no points attributable to this component of the application.

Standard Contract Provisions

Any contracts negotiated as a result of this solicitation will be subject to the provisions of Appendix A, Appendix A-1, Appendix C and Appendix M, which contain the standard clauses for all New York State grant contracts with DCJS. Appendices are available on the DCJS website at <http://www.criminaljustice.ny.gov/ofpa/forms.htm>.

Minority and Women-Owned Business Enterprises (M/WBE) and Equal Employment Opportunity (EEO) Requirements

DCJS recognizes its obligation under New York State Executive Law Article 15-A to promote opportunities for the participation of certified minority-and women-owned business enterprises (M/WBEs), as well as the employment of minority group members and women in the performance of DCJS contracts.

Contracts in excess of \$25,000 require grant recipients to document good faith efforts to provide meaningful participation by M/WBEs as subcontractors or suppliers in the performance of grant contracts, as well as the employment of minority group members and women.

Accordingly, applicants requesting in excess of \$25,000 must be prepared to submit a Local Assistance M/WBE Subcontractor/Supplier Utilization Proposal Form (DCJS-3301), and a Local Assistance M/WBE NPS Discretionary Budget Determination Worksheet (DCJS-3309). For contracts in excess of \$250,000 applicants must also submit an M/WBE Equal Employment Opportunity Staffing Plan (DCJS-3300). All forms are located at <http://www.criminaljustice.ny.gov/ofpa/mwbe/index.htm>.

DCJS will review the submitted Local Assistance M/WBE Equal Employment Opportunity Staffing Plan, the Local Assistance M/WBE Subcontractor/Supplier Utilization Proposal Form, Local Assistance M/WBE NPS Discretionary Budget Determination Worksheet, and Minority and Women-Owned Business Enterprises and Equal Employment Opportunity Policy Statement and advise the applicant of DCJS' acceptance once an award determination is made. For additional information regarding M/WBE requirements see also <http://www.criminaljustice.ny.gov/ofpa/forms.htm>. There are no points attributable to this component of the application.

Vendor Responsibility

Not-for-Profit entities that are receiving an award of \$100,000 or greater are required to complete an updated Vendor Responsibility Questionnaire. The questionnaire and additional information are available on the NYS Office of State Comptroller website:

http://www.osc.state.ny.us/vendrep/vendor_index.htm. Any not-for-profit sub-grantees must also complete a Vendor Responsibility Questionnaire.

Charities Registration

Not-for-Profit entities must also insure that their filing requirements are up-to-date with the Charities Bureau of the NYS Attorney General's Office. Further information on the registration requirements may be obtained at the Attorney General's website:

<http://www.charitiesnys.com/home.jsp>.

Data Universal Numbering System (DUNS) Registration Requirements

All DCJS funding applicants are required to provide a DUNS number. If you are unsure whether or not your organization has a DUNS number, check with your Fiscal Officer. New applicants will enter the DUNS number in GMS while completing the Participant section; existing DCJS grantees whose DUNS number is not already on file should email the number to funding@dcjs.ny.gov to have it entered by DCJS staff prior to submission of the application. Any organization needing a DUNS number can register through the following link: <http://fedgov.dnb.com/webform>. Please note the process of requesting and receiving a DUNS number and/or having it entered into GMS by DCJS staff will require additional time. It is strongly recommended that applicants begin this process early.

IX. PROPOSAL SUBMISSION

A. Specific Instructions

Only one application should be submitted for each county outside of the confines of New York City's five boroughs (counties). Recognizing that NYC has only one police department with jurisdiction over the city's five boroughs (counties), any specialized unit within the New York City Police Department or the New York City Fire Department which combats motor vehicle theft and motor vehicle insurance fraud, such as motor vehicle arson or no-fault medical fraud, may submit a separate application that will stand on the operational merits of its individual program. Applications must be submitted using the DCJS Grants Management System (GMS).

B. Grants Management System (GMS)

DCJS GRANTS MANAGEMENT SYSTEM (GMS) INSTRUCTIONS AND HELPFUL HINTS - *Dated February 2016*

GMS Helpful Hints: See RFP for additional specific GMS directions.

First time GMS users should download the GMS User Manual located at <http://www.criminaljustice.ny.gov/ofpa/gms.htm>. Persons familiar with GMS can use the following simplified guidelines:

Getting Started: Sign on to GMS.

Click "Project" to go to project grid. Click the "New" button at the top of the project grid. This will take you to a screen that says "Select a Program Office" in a drop-down box format. Find and highlight "Name of funding program," then click "Create Project."

This begins your application. You may work on the application, save and return to it at a later time, except as noted below. Note that GMS will time out after 30 minutes of inactivity. That means that you should save your work frequently. Each save re-sets the timer.

In the newly-created project complete the following modules which are listed across the top of the screen:

General - Complete the text screens and press save.

Participants/Contacts - Complete the text screens and press save.

Click on "Add Participant" and in the search prompt that appears type in your agency name. This should take you to a list, find your agency, and click in the blue section of your agency name. This will prompt a drop down list that defaults to "Grantee." Click "Add." If there will be a separate Implementing Agency, repeat the process, choosing "Implementing Agency" as the Participant Type. In the event your agency is not listed, click the "New" button to add your agency to our database. Please complete all required information on the screen, including the Employer Identification Number (EIN) before you SAVE the entry. GMS will only allow one attempt then locks the entry to edits. Should you still need additional information added to the Participant record, please call GMS Help at (518) 457-9787.

Scroll to the bottom of the screen to add contact information. Click on "Add Contact" and in the search prompt that appears type in the last name of the person to be added. This should take you to a list. Find the person to be added and click in the blue section of the name. This will prompt a drop down list that defaults to "Primary." Ensure you do this until you have added a minimum of three contacts: Primary, Signatory and Fiscal. In the event that the contact you are attempting to add does not appear in a search, click the "New Contact" button to add the contact to our database.

Note: If the signatory you try to add is not eSignature registered, you will get an error message and will not be allowed to add that person at that time. You will NOT be able to submit the application without a signatory attached.

Budget - See Application for additional specific instructions.

Work plan - In the GMS work plan module, enter the Project Goal, Objectives, Tasks and Performance Measures provided in the Standard Work Plan within this solicitation.

- Fill in the "Project Goal" text box and click "Save."
- Click "Create New Objective" and fill in the text box and click "Save."
- Click "Add Task to this Objective" and fill in the text box and click "Save."
- Click "Add Performance Measure to this Task" and fill in the text box and click "Save."

Questions (where applicable and when the solicitation includes questions) -

Answer all required program narrative and budget information questions.

Hint: Answers should be developed in Word. GMS will time out after 30 minutes and unsaved material will be lost. Cutting and pasting from a Word document will prevent the loss of any work.

Attachments -

Click on "Attachment," and upload the required attachments for this solicitation. Note: Follow the instructions in the GMS User's Manual for Attachments; also, see screen instructions for accepted file types and advice on file names.

Remember: Failure to submit required documents will be considered the same as failure to meet the deadline for application submission. This may result in a non-award due to the application being untimely.

When all requirements are completed, click the "Submit" button. If any fields are missing, a report will display what remains to be completed. Once all fields are complete and the application is submitted, GMS will display a screen that says "*Your application has been submitted.*" In addition, GMS will send an email notification to the Signatory official listed on the application to make him or her aware that an application has been submitted on your jurisdiction's or organization's behalf.
