

RFA #20301/ Grants Gateway # DOH01-ICITN-2023

Increasing COVID-19 Immunization for Tribal Nations and/or Urban Indian Communities

New York State Department of Health, Office of Minority Health and Health Disparities Prevention

Questions and Answers Posted: 6/13/2023

No.	Questions:	Answers:
1	I would like more information on this grant to support high COVID 19 vaccination uptake in Tribal Nations. I am an administrator of a clinic that provides health care to members of the Tonawanda Seneca Nation. We have has a great deal of success with administering COVID 19 primary and booster doses to our patients. However, I would like to see if this grant may be of interest to us.	Please refer to Section II, "Who May Apply" and Section III, "Project Narrative/Work Plan Outcomes" of the RFA.
2	<p>a. What indirect costs (F&A) are allowable in the budget for RFA #20301 – Increasing COVID-19 Immunization for Tribal Nations and/or Urban Indian Communities?</p> <p>b. Our entity is “a private non-profit 501 (c)(3) educational corporation.” Are we eligible to apply for this RFA under the following eligibility requirement listed in the guidelines: “Be a community-based, not-for-profit organization that is tax-exempt under Section 501 (c) (3) of the Internal Revenue Code...”?</p>	<p>Please refer to Attachment 6, page 4 which provides guidance on indirect cost under the column labeled "Other Expenses Detail".</p> <p>Please refer to Section II, "Who May Apply", bullet one. •Be a community-based, not-for-profit organization that is tax-exempt under Section 501 (c) (3) of the Internal Revenue Code; an academic institution; Tribal Nations/Urban Indian communities; or Article 28 providers who operate Nation Health clinics.</p>
3	Where can I find Attachments 5 and 6?	Addendum #1 posted on 6/13/2023 addresses Attachments 5 and 6 as being added to the updated RFA.
